

Universal control cable **Wiring**

ProMinent has been able to avoid many of the global supply chain issues plaguing our competition due to planning, proactive stocking of inventory, and effective supply chain management. As such we are able to supply users with core products and systems such as Concept, GammaX and Gamma XL.

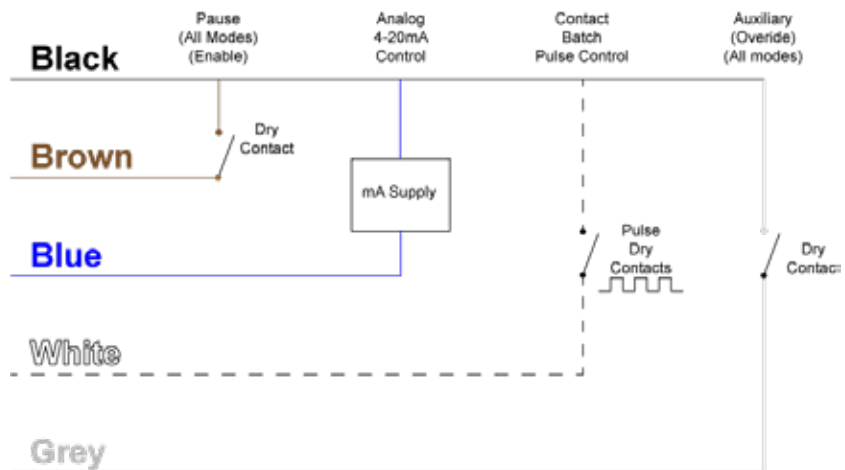

In order to mitigate issues we will (temporarily) substitute orders for Orange Universal *Control Cables with "Gray" substitute cables.*

The universal control cables, parts # 1001300, 1001301, and 1001302 will be supplied for the time being in a different color cable. Instead of orange, they may be grey.

NOTE: The internal 5 wires will be slightly different colors also!

Pin Number	Function	Orange cable	Grey cable
1	Pause	Brown	Brown
2	Contact	White	White
3	Analog	Blue	Green
4	Ground	Black	Yellow
5	Auxiliary	Grey	Grey

ORANGE CONTROL CABLE
