

Dulcoflex RAD

ALL NEW

All the benefits of our DFB pump in 1/2 the space!

The **DulcoFlex RAD** pump offers a choice of tubing or a reinforced hose in about 1/2 the space needed for conventional hose pumps! Proven roller technology means no expensive fill lubricants, no required torque stabilization, and up to 30% longer hose life than comparable “pressing shoe” hose pumps. Disaster proof hose/tube fittings, flows up to **337 gph**, and pressure capability up to **116 psi** makes the RAD pump a great choice for pumping difficult fluids!

Features & Benefits

- 10, 13, 16, 19, 22mm tubing pumps (30 psi)
- 10, 13, 16, 22mm reinforced hose pumps (116 psi)
- Flows to 337 gph (5.6 gpm)
- Halar coating available for the toughest chemicals
- Disaster proof hose connections
- Roller Technology - Lower hose stress
- Easy maintenance
- Reinforced hose
- Can run dry
- Self priming
- Great for solids
- Reversible
- No seals
- No valves

Applications

- NaOCl
- Lime dosing
- FeCl₃
- Mining
- Fruit Juices
- Flavoring
- Wine
- Ink
- Emulsions
- Detergents
