

ProMinent® Pumps & Tanks

Concept ^{PLUS} Economy Pumps

Quality, reliability and the best value!

The **ProMinent® Concept Plus** series covers a capacity range of 0.20 to 3.17 GPH at pressures up to 145 psi.

Its compact construction and features make it ideal for use in swimming pool applications. The **Concept Plus** mounts easily onto a tank or wall bracket.

Adjustment of the pump capacity is via the stroke length in the range of 10-100% or can be set at 1 of the 4 stroke frequency settings. This gives an adjustment ratio of 40:1.

External control via dry contact pulse (1:1).
