ProMinent® Identcodes
Cooling Tower & Boiler Controllers

MicroFLEX Identcode Ordering System

ProMinent® (vertical, left margin)

M02	Series Version:					
	A	MicroFLEX 2 Controller Version A: Two relay controller with conductivity and temperature inputs, single inhibitor feed based on water meter input, bleed or % time with overfeed protection, flow switch/status input, 2 line display and 5 key universal keypad.				
		Application:				
		COIN	Cooling Tower			
		BBIN	Boiler			
		CLAH	Closed loop reverse conductivty			
		CMAH	Condensate monitor			
			Expansion Option:			
			XX	None		
			CL	4-20 mA output on conductivity		
			LB	Ethernet networking		
			AR	Dry contact alarm relay		
				Remote communications:		
				0	None	
					Approvals:	
					01	Standard
