

This exploded view diagram illustrates the assembly of a mechanical device, divided into two main sections, A and B. Section A, at the top, features a central shaft assembly (a1) with a series of components (a2, a3, a4, a5, a6) and a flange (a2). Section B, at the bottom, features a similar central shaft assembly (b1, b2, b3, b4, b5, b6) with a flange (b1). The two sections are connected by a central shaft (3) that passes through a housing (2) and is secured by a cap (1). The diagram also shows a series of bolts (4) used to secure the housing. A dashed line with an asterisk (\*) indicates a specific assembly point or feature.
