

Documentation for Meter Pump Parameters: Type Gamma L

Customer: _____

Date: _____

Location: _____

Reference: _____

PFC Order Number: _____

Pump information: GALA _____

Serial number: _____

Pump Programming:

Operating Mode: (Manual) (Analog) (Contact) (Batch)

Access CODE: (None)
Code 1: _____
Code 2: _____

Manual settings: Frequency: _____ spm (Stokes per minute)

Analog settings: (0-20 mA) (4-20 mA) (Curve)

Curve: (-----) (___/__) (^^__)

I1: _____ mA F1: _____

I2: _____ mA F2: _____

ER: (on) (off)

Contact settings: Memory: (on) (off)

Factor: _____

Batch settings: Memory: (on) (off)

Number of Strokes: _____

Batch Volume: _____

Calibration: (on) (off)

Pressure adjustment: (P:1) (P:2) (P:3) (P:4)

Auxiliary: _____ spm

Flow Monitor: (on) (off)

Stroke Length Setting: _____ %

Chemical being metered: _____

Suction Conditions: _____

Discharge Conditions: _____
