4. Run Setup.exe as Administrator

Right-click the "Setup.exe" file, then select "Run as administrator". If you don't have the "Run as administrator" option, Right-click and select properties. Click the advanced button (General Tab) and check the "Run as administrator" checkbox.

The Trackster installer will begin. Follow the onscreen instructions

5. Re-enable User Account Control (UAC)

Refer to step 2

6. Done
